We see excellence every day in the arts, business, education, science, and sports. There are multiple paths to excellence. How do you know if you are on the right path? Is there an inner compass you can rely upon to guide to go in the right direction? The Villars Music Academy Forum will explore fundamental questions about achieving excellence with a concert and a conversation.

The concert will feature students of the Villars Music Academy with professors and musicians from the Berliner Philharmoniker performing celebrated pieces of the chamber music repertoire including works by Mendelssohn, Mozart, Shostakovich, and Tchaikovsky.
